

Starting Feb 1, we will continue to send out a morning email briefing to serve as a broad weather outlook for the greater San Francisco Bay Area through at least Feb 8. If updates are made, an afternoon email briefing will also be issued. Additional forecast briefings will be disseminated based on partner request and/or weather demands.

Impacts Summary

- **Rain Today:** Light rain impacting the area and will continue through the morning hours then taper off by afternoon. Not expected to be high impact, but will affect road travel with slick roads and any outdoor venues/activities.
- **Rain Wednesday:** Light rain should impact North Bay area in the early morning, then spread across the entire Bay Area by late morning. Bulk of precipitation expected to occur between 10 am to 10 pm. Not expected to be high impact, but will affect road travel with slick roads and any outdoor venues/activities.

Light Rain Tues/Wed...Warm & Dry Sun

Forecast Confidence:

- **High** confidence for rain chances on Tues & Wed
- **Moderate** confidence for dry weather Thurs through the weekend with daytime highs about 10 degrees above normal on Sunday

Timing:

- **Tuesday:** light rain will taper off by this afternoon
- **Wednesday:** light rain hits North Bay between 4 am - 10 am, more moderate rain across entire Bay Area between 10 am - 10 pm, showers taper off after midnight

Weather Summary

Light rain impacting the area this morning into afternoon and then again Wednesday into early Thursday. Neither of these systems will be strong or have a high impact. Following that, a ridge will build and dry and warm the Bay Area. Increasing confidence that conditions will remain dry Thursday through this weekend.
